North Killingholme Parish Council

Minutes of the Parish Council Meeting held in the Village Hall at 7.30 pm on Monday 5th March 2018 at 7.30pm

Present. Cllr L Broddley (In the Chair,), Cllr K Boyington,
Cllr D Chapman, Cllr M Russell, , Cllr B Shelley.
In Attendance Clerk: Mrs K Pickering, 7 members of the public.

Welcome to Dave Lofts – N.L.C – to provide information about a Neighbourhood Plan for North Killingholme.

Dave Lofts provided the meeting with a presentation on a neighbourhood plan for a town or parish. A neighbourhood plan is primarily concerned with development within a parish and is a document which complies with national and local planning policy but provides the ideas/desires and values of the community. If a neighbourhood plan is accepted and approved by N.L.C it forms part of the planning policy which all development within the parish must meet. A neighbourhood plan has a number of stages to it and can take up to 2 years to complete. A neighbourhood plan is not compulsory and it might not be necessary or required in every parish.

The Chairman thanked Dave Lofts for attending and providing information on the neighbourhood plan procedure.

PUBLIC FORUM

A member of the public advised that the debris from the hedge cutting along East Holton Road has not been removed from the pavement. The Chairman has contacted the farmer who undertook the hedge cutting.

The footpaths have been scraped back but the soil and spoil has just been left in mounds along the side of the paths on the grass verges. This will make it impossible for the grass verges to be mowed and kept tidy.

Sludge and mud is very evident along Top Road/East Holton Road and the road sweeper is urgently required. This industrial mud and sludge is also filling the gullies and causing blockages. The road needs sweeping/cleaning and the gullies jetted. Clerk to report to Andy Tate at N.L.C.

Drax are moving a considerable amount of wood chip pellets shortly – there is likely to be 54 lorry movements/day over a 40 day period.

A resident expressed concern regarding planning application PA/2017/821 in that regulations concerning the storage of hazardous substances has changed in recent years and clarification is needed to ensure that all the regulations regarding storage of this material are being adhered to.
