**140/19      Chair/Clerks Updates or Correspondence**

The Monitoring Officer had been in touch as a couple of Declarations had still not been completed.

There had been a meeting in Immingham with the Community Speed-watch co-ordinator. The next step is to find 6 different locations to operate from and try and get further volunteers from other areas.

A meeting date had been arranged by NLC to meet in Scunthorpe about greening NK, but was not suitable. Other dates had been requested.

The Clerk had shown the Community Payback supervisor the Village Hall with a view to painting and it was hoped that this would be done soon.

A Community Grant could be applied for to contribute to VE Day celebrations.

A road closure for VE Day had been requested and forms had been sent out for completing.

**141/19      Safeguarding Issue Lancaster Approach**

Cllr Hanningan had already set in motion planning officers to attend the site, looking into whether conditions were adequate. The Parish Council was still concerned that not enough was being done about safeguarding.

Through the Single Point of Access, contact had been made with Harriet Melchin, the Practice Manager, who has been given all the details about the site.

A visit had been undertaken by NLC that Cllr Soulsby had attended and concerns had been raised by the officer. Further visits will be undertaken as no children had been seen at the initial inspection.

The Police will also be vigilant.

NLC will be trying to find out where the children are registered and that they are in education and accessing health services.

There is nothing more that the Parish Council can do at this point.

**142/19      Parish Councillor Updates**

The pot holes on Church Lane could do with some attention.

The letter had gone out to hauliers about enforcement. Cllr Clark stated that his name had not been on the original letter.

**143/19      Ward Councillor Updates**

The Local Plan Consultation was coming out for discussion.

It is important to keep sending in the evidence of any children at Lancaster Approach.

Cllr Hannigan had got the file with all the evidence.

**144/19      Emergency Plan**

The Council had adopted a Level 1 Plan a few months ago. It had previously been discussed about getting to a Level 3 Plan.

It was agreed that an understanding of the current plan was needed before moving on.

It was thought a mini test might be a good idea with Chris Wilson from Humber Emergency Planning. This will be a future item.

**145/19**      **Parish and Village Issues**

VE DAY Planning was ongoing, and the next newsletter will go out in March. It was decided that the first page would all be about VE Day and what was happening.

Any ideas can be emailed to Cllr Thomas.

Date of next Meeting 17/03/2020
