#### **42/20 LOR Update**

The transition of ownership from Total to Prax would be made by March.

The new refinery manager would arrange a meeting sometime in March.

A note had just been sent out about start-ups and flaring.

The Community Calendar had been sent out by post but Rebecca was aware of some missed, if there were any other missing people should let her know. Cllr Hannigan was asked if he could provide a full list of properties.

#### **43/20 Ward Councillor Updates**

Cllr Hannigan outlined the Humber Free-trade Zone bid that was being developed around the ports in area. This would include the Able site at Killingholme. This will increase HGVs and a Freight Strategy has been commissioned, with the aim to move HGVs away from communities

Covid rates in the area were increasing, but still lower than the national average.

There were concerns over a new variant and capacity at hospitals was down to 7% and critical.

The vaccine was being rolled out and the Ferry ward would be soon.

#### **44/20 550 Squadron**

Continued discussions with the Museum representatives had not progressed the matters.

It was agreed that when lockdown is over some arbitration with ERNLLCA or North Lincolnshire Council be sought.

#### **45/20 Planning**

- 

Following the response to the Council's complaint over the planning application revision without consultation it was agreed to take no further action on the matter.

There were no objections raised to planning applications PA/20201908 or PA/2020/1950.

Cllr Hannigan advised that he thought that SCR/2020/7 had been withdrawn.

#### **46/20 Trees**

Thornton Curtis WI had proposed planting trees to commemorate their anniversary and wanted to plant some in North Killingholme.

It was agreed that an area of the playing field could be used for this.

#### **47/20 Village Consultation**

Cllr Thomas proposed an idea to consult with residents. This was to see what people wanted in the village and how the Council might help with this.

A draft will be produced for discussion.

#### **48/20 Village/Councillor/Clerk Updates**

The Clerk had circulated Declaration of Interest form to Councillors to complete any changes.

A wreath had been purchased for Remembrance Sunday.

It was proving difficult to find someone who was available to cut the hedge at the playing field. The Clerk was waiting for a response from another party.

A roofer should have called to look at the roof over the Museum but had not attended.

It was suggested that poppies be bought to go on lampposts throughout the village, and this will be looked into.

#### **49/20 Date of Next Meeting**

This would be decided in March.

Signed Chair
