52/20 Playing Field Hedge Cutting

The cutting of the outside of the hedge had already begun but the inside needed a lot of work as it had been left to overgrow for some time.

Two potential operators had been found to cut the hedge at the playing field, this needed approving before the nesting season starts.

The rates were £55 and £30 per hour.

The Council approved a spend of up to £500 plus VAT for the work to be completed.
